Dave Workman

So 2015 has arrived and for sure these are incredible 'times' we're living in, as the scriptures clearly spell out that they would be. As the Word says, Let's be alert, aware, not ignorant, but on the ball, sharp. Let's keep the good and ditch the bad.

What a challenge to be led, daily, by 'the Word' and not 'the World', Living Christ-ianity ...not church-ianity, telling testimony - not boastimony, potent prophets - not popular profiteers, not purpose driven – but Spirit Led, not preaching some of the Bible – but ALL of it, basically.... being a God-pleaser - not man-pleaser.

Our Family are all generally well thankfully, and there's an update, which includes Vicki at Givaudan, Jordan in Israel, Jess and Dan at PoRaLa at my website or email me for details.

THANKING GOD FOR 2014

Also for..... various new team members, discipling / counselling, training in evangelism/apologetics, new pictures can be seen at my website.

PRAYERS FOR 2015

We look to the Lord (and your prayers) for 2015 ...

For new young street team member Robert, who had a major operation on his back 30th December.

One of our supporters and key Chinese church pioneer, Sam Ling, whose husband has just had a stroke and is now in a coma.

For all evangelism team members, that they endure and enjoy 2015. Finances, family, and wisdom to know what outreaches to keep and what to drop. To keep our Hearts the no.1 priority, 1st command, 1st port of call.

To Kick start the New Year with Winter Gospel outreaches to those seeking A New Start in life. For a new ongoing series of 'interactive apologetics teaching' which I do each week for all local churches to go to. It's called 'QnA-Gospel'.

The next 'Creation/Evolution' debate at a Canterbury University.

For my everyday contacts, which is really an evangelists main outreach, giving tracts out en route in town, etc.

I've just written a new tract entitled 'Would you jump..without a parachute' ? and had 5,000 printed, so if you wanted a few, I can send you some - free of charge.

Opposition intensifies, occasionally threatened with violence, we're hated by some who seek to undermine the Gospel. Sometimes things get thrown at me like beer and food and I even got sprayed on the head with a can midway through a message quite recently. There's a photo on my website telling the good outcome of that one :)

One of my street messages was recently filmed by Channel 5 in Ramsgate but I have a deep distrust for the 'heavy editing media' and hope they don't show a distorted clip. For a clearer picture of what reaction we get, you can check out 'Regular Street Life' on my website

As we sometimes say out on the streets doing the sketchboard "Have you heard of the painter 'Banksy'? ...well that's not me!" Have you got your life and death insurance sorted ?

WHAT DOES THIS MEAN.... 3N +1C = 4G ?!

Gods fingerprints are all over the Bible they're His miraculous prophecies about the Messiah, Israel and the world, you just gotta know where to look. You have no choice, you have to choose - there is no fence to sit on. Let's choose to daily keep looking up to the LORD whose LOVE and GRACE are sufficient

With thanks and love and prayers in the Lord Jesus Christ. Dave & The Family
